June 2, 1964 - December 15, 2018

Scott Hudson Alexander, 54, of Charlotte died peacefully with his family by his side on Saturday, December 15, 2018, at Novant Medical Center – Presbyterian Campus in Charlotte.

Scott was born in Charlotte on June 2, 1964, the son of Jack Hudson and Mavrine McCraw Alexander. He grew up in Charlotte and attended Olympic High School. Scott was in sales his whole life, focusing on the food industry. Scott had the true gift of never meeting a stranger which not only made him successful in sales, but also in making a memorable impact on those he met.

Scott had a sweet spirit, enjoyed many things in life and could sure make you laugh. He loved music, recently teaching himself the guitar. He enjoyed basketball and football (especially the Miami Dolphins and the Carolina Panthers). He saw beyond the norm and often sought to help others. Scott's longtime companion was his dog, Zoe and his favorite destination was the beach. Most of all he loved having time with family and was especially close to his mother. His daughter, Gabrielle, was the light of his life and held a special place in his heart.

Scott is survived by his daughter: Gabrielle Kitchens of Clayton, GA; a brother, Michael Alexander (wife Connie) of Tulsa, OK; a sister, Susan Alexander Gordon of Charlotte, NC; and a sister, Angie Alexander Roberts (husband Alan) of Charlotte, NC. Scott is further survived by 2 nieces; 3 nephews; numerous great nieces and nephews; his best friend and coworker, Julius; and numerous other relatives and friends. Scott was preceded in death by his parents.

A memorial service honoring the life, love and blessing of Scott will be held on December 29, 2018, at 11 AM with visitation to follow.

Though he was incredibly loving and caring Scott also struggled with addiction. In honor of his battle, the family respectfully requests donations in his name to Charlotte Rescue

Mission Rebound Men's Program, PO Box 33000, Charlotte, NC 28233 or offer donations in his honor to the Humane Society of Charlotte, 2700 Toomey Ave, Charlotte, NC 28203.

“ Hello. I'm not sure where to begin, or if you even want to hear from me. Maybe this shouldn't be done in a public forum, but I don't know how else to reach anyone. Although Scott passed away several months ago, I just found out. Please accept my heartfelt condolences for the loss of your brother, father and friend. I haven't seen Scott since June, 2003. Susan and Angie -- you may remember. I came in from Chicago and stayed at his house for a few days. I had Takoda with me. After arriving back in Chicago, we never spoke again. I do have many good memories with Scott. Some bad ones. But that's ok. I know that he truly loved his family and friends. Please feel free to reach out to me. I have so many questions. Thank you, and even if I don't hear from you, my heart goes out to all of you.

“ Scottie and I were friends in high school. At the time Rick Springfield was very popular and he loved to hear that he looked sort of like him. I think every girl that ever met Scott had a crush on him, between that hair and those eyes and his physique. He looked like a male model. But while appearance is a plus, Scottie also was a very sweet person. He was always very kind to me, he never changed. We sometimes rode around and talked when our big group of friends weren't around and I got to know him. I was very devastated to hear of his death. Rest in peace old friend. I'll see you someday and we'll hang out and chill again.

“ I'm still in shock over this. Had I known he needed help & support I wouldn't have gone away all these years. I pray that Scott is at peace.

“ Thoughts and prayers to Scott's family. Scott lived with my husband and I with our kids in Maryland. He was a great person. He was like a big brother to me. My kids loved him. He wasn't just a great friend but became a part of our family. He will be greatly missed. Thanks for the wonderful memories Scottie to hottie. We love and miss you. Peace and Love

“ I lost my best friend and we all lost someone with a heart of gold. I think Scott for all the good and bad memories we had together. I know he left everybody else with great memories. Every memory I have of him well never be forgotten. Scotty didn't know a stranger he would help whoever needed help. it was such a special person on the day he died almost to the minute it started raining. There's no doubt in my mind it was raining teardrops of Joy because he was going home.

“ The biggest smiles and the brightest Sparkle in his eyes was every time he was with his family. Every time Scott looked at Gabrielle, his Daughter, or he spoke with her, even just looking at her pictures would bring tears to his eyes. Pure tears of pride, joy and love for Gabrielle. Scott was definitely a true One in a Million. For everybody who now will never get the chance to meet him, I'm sad for them

I tried to type part of this over my phone but not sure it got posted. I sometimes reminisce of the days in 1983-84 when Scotty, Jerry Biggers, Pete Mayo and myself would go out every week to a bar or college party to meet the girls, and Mike Milazzo would be there too most of the times. To Jerry and Pete, Do you guys remember in March 1984 when I drove Scotty and the two of you up to a Fraternity party at Davidson College? All four of us had this same "Mullet Hair" style and we obviously stuck out and were noticed because all the other Davidson students and some from Salem college all were dressed up like "Yuppie Preppies" in Animal house? When the Band playing in the Fraternity finished their last set, Scotty got up on stage and grabbed a microphone and said, "We are the guys in a band named 'KOOLSTAR' and we will be playing here next month". After Scotty got back down off of the stage, all of the girls in that Frat house flocked to us like birds finding a sack of seeds. Scotty had at least four girls pawing on him at the same time. I remember Scotty, Jerry and Pete (and I was just as guilty too) spent almost two hours before we finally left because all of the "phone numbers" that were being willingly given out and collected by all four of us. It was like a scene out of a post-high school age movie. Love, or should I dare say LUST was definitely in the air after going out that night. During the entire trip home down I-77 the three of you were all asking me about all of the colleges of where I personally knew other girls at. Jerry I am sure that you will remember the many times we went to Queens College's dormitories and definitely the multiple trips to Winthrop.

Scotty, I will definitely miss you greatly. I know since I moved to Myrtle Beach 20 years ago we have not spoken since the early 1990s, but I will always remember growing up together in our neighborhood since you were around 6 years old. Didn't know you started playing Guitar which I am impressed. Back in 1993-1998 I would play Bass Guitar for at least one set every week with my friends in Charlotte of the "Part Time Blues Band". I bought my first Stratocaster in late 1993 and learned to play also. However, I have developed some health issues myself and have hand tremors, which messes my fingers up some, so I do not play that much anymore. My Son has replaced me and is very much a better Guitar player.

When my time comes, I will be sure to request that Jesus let you and I play at least one song together. Whenever I hear Elvin Bishop's "I Fooled Around And Fell in Love" with Micky Thompson singing I always picture that is you singing and playing instead of Micky Thompson. The one and only time that I remember you telling me that a girl broke your heart and you were very depressed and asked me to take you out to a bar was I believe a girl that was one of a pair of twins you met when you had to live in North Augusta. Other than that time, you were always the most noticed "STUD" no matter where we went out to. Miss You and Love you brother, this hurts so bad that I am crying right now, so I gotta go. I will see you again someday, and until then ask God to let you keep playing because I sure miss playing guitar as much as I used to.

Sorry I didn't get up to see you in the last few years. Miss you man.

“ Scotty was my first adult love and my fiance. It was love at first sight, that smile and those green eyes and charismatic ways..It was so hard to stay mad at him! I loved him so much, but unfortunately because of his struggles we didn't make it. But I loved him still and he will still forever be in my heart. Prayers for his family in this difficult times. Be in peace finally Scotty...
