“ *To Elaine's Family, I just found out about Elaine 's passing and my heart is deeply sadden. Although the contact has not be there during the years since our days on Elmwood Ave and. C A Johnson , the memories of those days will always be in my heart. The three of us played together as children, Elaine , Audrey and me and walked the halls of Johnson, these are the memories I cherish, so sleep on Elaine and take your rest. Love Daisy Brown Miller*

“ Beverly was a friend and a professional seamstress. She brought joy and smiles to many dancers not only in Charlotte but across the country. My own students enjoyed her visits to the studio and many times brought her trophies for "Best Costume" awards. She was my Christian mentor...she lived the word and I know she rest now with her Lord and Savior. I will miss her gentle spirit, her contagious laughter and our long chats about our families...She was a blessing and a friend. Lori Long

“ Audrey, I know how special your sister, Beverley, is to you. Sisters make the very best friends. My prayers are with you that you find comfort through our Lord in the days that follow. You have always been there for me in my darkest hours so please know that I am here for you. If I remember correctly Beverley is the sister who designed the great bathing suits you wore on Oak Island as we shared good times and memories. Just know that you are loved by many friends. God bless you as you walk through your grief. Love you lots, Jean Harwell

“ A wonderful mentor, counselor, and friend, Beverley was always a phone call, text message, or email away. I would always look to see when her Facebook post went up or an email came in because she worked all night!

Our studio will never be the same, it will continue but not in the same way. Our girls listed their favorite Beverley costumes Monday night before class. There were so many, I didn't remember them all! For the past 11 years she has been part of our competition, recital, and our lives. Safety pins, notebooks, that big black rolling suitcase, and her laugh forever etched in our memories. The most important...her sewing room where she listened to all our problems and then we would leave feeling like we could carry on for another day. May God bless and keep her as kept all of us.
