

Dorothy Baucom Penninger

August 31, 1937 - July 3, 2017

Dorothy “Dot” Ann Baucom Penninger greeted Heaven’s Angels smiling and singing on July 3, 2017. She was born in Marshville in Union County, N.C. on August 31, 1937 to the late Henry Clayton “Shorty” Baucom and the late Annie Kate Thomas Baucom. She is predeceased in death by her husband Robert Andrew Penninger in March 2012 and her sister Gladys Baucom Dellinger in April 2005. Mrs. Penninger is survived by her brothers Ralph Baucom of Monroe and Dwight Baucom of Mint Hill and many nieces, nephews, great nieces and great nephews.

Dot graduated from Marshville High School in 1955. She worked for Stewart & Everette, Pittsburg Paint & Glass Industries and Royal Insurance from where she retired in April 1996 after 28 years of service. Dot was a member of Northside Baptist Church, since 1962. She sang in Northside’s choir for 48 years, was a member of Northside’s Jolly Sixties and served in other church related ministries. “Special thanks to my nephew Rodney Dellinger, who has been a son to me.”

Pallbearers will be nephews Gene Baucom, Howard Baucom, David Baucom , Greg Stewart, Steven Burr and great-nephew, Johnathan Baucom .

“ *Dot was my cousin. Her mother and my daddy were brother and sister. With her family living near mine, she and I spent many hours playing together. Even though she was a few years older than I, that didn't seem to matter, as far as I could tell. When my dad was having what we called the "big" chicken house built, small in comparison to the commercial chicken farms of today, she and I would find a board long enough for us each to lie on once the floor had been put into place, and then we would find some small lumber scraps. We were pretending that we were in the hospital having babies. The small pieces of wood were the babies. Of course, we did this when no work was being done on the structure being built. My favorite memory of her is this one: The summer before I began school, she used a twig to teach me my ABC's in the fine dust at the end of the driveway near the main road that belonged to an old house, which we called "the Lucy House," a run-down old house between my home and hers. That helped set the course for my education and my 30-year career as a teacher. Also, she was also intrigued by the little cavities in that same dust, where she said doodle bugs lived. She would use a twig to stir around in the little cavities hoping to find a doodle bug. I don't ever remember seeing a doodle bug. I am eternally grateful for the impact Dot had on my life.*
