“ *My Dad was the most loving, caring and thoughtful Dad that a person could hope for. He would always make us smile. He never said anything bad about anyone and he always looked for a silver lining behind every dark cloud.*

I miss you, Dad. Time doesn't lessen the pain. I love you with ALL my heart!

*Your Daughter,
Linda*

“ Hello Anna.

I was sorry to hear about Erwin, he was a special person.

One of the things that comes to mind for me is how hard he worked for us when he used to install those 6 foot diameter satellite dishes at projects and offices. This is way before the days of the internet. He was so careful to try to save the company money that the President of Metric Constructors once gave him the 'Sleep Cheap' award.

He will be missed.

“ *Erwin O. Jantz, my brother-in-law and friend. The last time I spoke with you, you told me all was right between you and the Lord. You stated you were at peace. So my dear friend we will see each other again. For the Lord will come back to raise his children and take us to mansions he has prepared for us. This is not goodbye my friend but Aufwedersehen. I love you & I thank you for loving my sister.*

“ My memory of Uncle Erwin has always been his smile. When we visited together with his family & my family he was always happy and smiling. He was one of those individuals that you wanted to be around because he brought happiness & laughter into your life. The last visit with his family we all played ball in the back yard & although his Parkinson's disease was evident his zest for life was ever present. His love for his family was wonderful to watch. Although Uncle Erwin is gone his legacy lives on in his children & grand children. He was a good husband & best friend to Aunt Anna. We will all miss his great smile & attitude toward life. May the Blessing Be. Jeanette Clark.

Just looking back for an old friend only to find he has passed. Erwin, you taught me many things in our times at JA Jones. Perhaps your biggest lesson was to stay kind, no matter the challenge faced, and no regrets for positive steps. Today I will reflect on one of my very favorite and effective mentors and hope you realize the time you spent on me was never wasted....I was just too immature at times to understand it all. Thank you sir....and God Speed my friend.
