“ I had the pleasure of knowing Joan for most of my professional career.

she was the first person I hired when I started The Corporate Bond Group in 1987. She had no miss givings of leaving her comfortable job at Interstate Securities and becoming head of operations at a company neither of us knew would be around in a years time. The Corporate Bond Group did succeed and Joan played a critical role in the company's success. Joan mastered everything she was asked to do, and did even more then any of us traders knew had to be done to make the company function as well as it did. I can not express the gratitude I have for Joan, for all she has done for me professionally and personally over these many years since 1987.

Through knowing Joan I got to watch Jessica grow up to become the adult she is today. From a skating and bowling prodigy to a hard working professional women just like her Mother. Joan also shared with us the work exploits of her dear husband Ken and his extraordinary ability to win radio contests.

I regret that I have not talked to Joan in the last little while to ask her how she was doing and what was going on at the West household. I don't know if I ever thanked her enough for what she had to done for me professionally, but I do know that I was always her friend and I will always cherish that. God bless you Joan, you will be missed.

*Packing up the dreams God planted
In the fertile soil of you...
Can't believe the hopes He's granted
Means a chapter in your life is through
But we'll keep you close as always
It won't even seem you've gone
'Cause our hearts in big and small ways
Will keep the love that keeps us strong
And friends are friends forever
when The Lord's the Lord of them
And a friend will not say never
'Cause the welcome will not end
Though it's hard to let you go
In the Father's hands we know
That a lifetime's not too long
To live as friends
With the faith and love God's given
Springing from the hope we know
We will pray the joy you'll live in
Is the strength that now you show
But we'll keep you close as always
It won't even seem you've gone
'Cause our hearts in big and small ways Will keep the love that
keeps us strong! 🙏❤️🙏*
