“ My favorite memories with nana, is when both my kids were born but especially Gabriel when I lived with her. She would wake up early come knock on my bedroom door and take Gabe with her to her rocking chair. I’m sure she would have done the same with Charlotte. She really was the rock that got me through my first spell of awful postpartum depression and i couldn’t have ever thanked her and pawpaw enough. She is loved and missed, and memories forever cherished. Rest easy nana I know you’re truly happy now ❤️

“ I have so many memories of my mom and it is so hard to pick just one. She was a kind person and would give you the shirt off her back. We loved taking vacations with both of my parents. It didn't matter where we went as long as we were together. She loved us fiercely but wouldn't let you take advantage of her kindness. She was the best mom I could ever ask for and I'm going to miss her so much.
