“ *Trevor was always a joy to talk to when he called into the Senior Nutrition Program. I finally got to meet him when I rode a route one day. It absolutely made my career because the next week I got a hand written card from him telling me how much of a pleasure it was to meet me in person. We had talked for years on the phone but to meet face to face was an honor. Even after he was hospitalized I called to check in on him. He will truly be missed...he was and always will be my favorite client. Rest in peace now Trevor and ride those Pontiacs in the sky!*

“ Met Trevor when he interacted with MIX106.1 FM - as an avid listener of the station's music ~ and later on 1150 AM WAVO when the format changed on 106.1. Trevor and I 'clicked' when we had similar interests in 'cards' and big band music! Naturally, we sent 'cards' to each other from then on...even creating some for him to send to others (on special occasions). He once delivered a 'birthday cake' to me at the station in his antique Pontiac! Trevor also enjoyed visits from his station friends ~ so I tried to do that when my husband and I could go together. Trevor was a friend ~ he encouraged many of his disabled friends with helpful advice and experiences. He also needed the help of friends and acquaintances. Though he had his ups & downs - and ins & outs (like all of us), I'm glad for the help and blessings he received during his last years. Thank you to all those who gave a part of themselves to love and encourage Trevor in this life. May the Lord bless you for that ~ and encourage your own heart in years to come.

“ Sorry to hear of Trevor's passing. He used to listen to my morning show on Mix 106.1 radio in Charlotte. We became buds... he'd visit the radio station occasionally, and I'd stop by his home from time to time. Such a shame that his love for life was so restricted by his physical handicaps. And yet he got around, driving his classic car and loving classic music with all the energy he could muster for as long as he could! His personality and distinctive voice will certainly be missed. My wife, Bonnie, and I send our condolences to Trevor's family and keep them in our thoughts and prayers.

“ My husband Tommy and I met Trevor 12 years ago and the three of us were instantly friends. Tommy and Trevor shared a love for cars and restoration. He had an old Buick that he lovingly took care of. He and I were Virgo buddies and were very much alike. He always remembered our birthdays and anniversary and we always got a special card for those occasions. If he saw that we had a need for something he would come walking up the driveway with the item in hand. He loved Doo Wop music and old albums. He was our dear friend and now with his passing I have lost them both this year. He is no longer suffering. I know they are in heaven dancing to old music and talking about old cars. Rip in peace my dear friend. I love you and I will see you again.

“ Trevor was a good friend to us at WAVO. I appreciated his visit and the gifts he gave me for my birthday and Christmas. I'll miss him, but I'm thankful his suffering has ended.
