“ *Dear Frances, and Family,*

It was exactly one year ago, June 28th [2012] that Gene directed me in backing up my big moving truck to the home across the street from your home on Swiss Hollow.

Every time I watch the sun go down, I remember the two of you sitting outdoors in your lawn chairs and enjoying that serene moment of the day.

I am saddened by Gene's passing but know he is safe with Jesus, Our Lord God.
